

A pixel art illustration of a space scene. The background is a dark blue/black sky filled with small white stars. In the top right corner is a large, detailed pixel moon. Four pixel spaceships are positioned around the center: one in the top left, one in the top right, one in the bottom left, and one in the bottom right. Each spaceship is white with orange flames coming from its engines. A single four-pointed yellow star is located in the upper center, above the main title.

THE ARCADE

Google Cloud

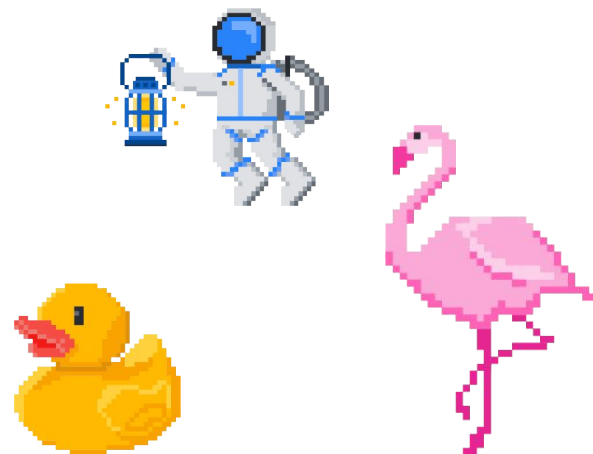

What is The Google Cloud Arcade?

- Always-on, **no-cost** gaming program where technical practitioners of all levels can learn new Google cloud skills.
- Earn digital badges and points to use towards claiming swag prizes and certification vouchers.
- Games and trivia run for approximately one month and are then refreshed with new content. Flash Games with special themes, offering 2 Arcade Points upon completion, and a Certification Zone open up for a week every month.

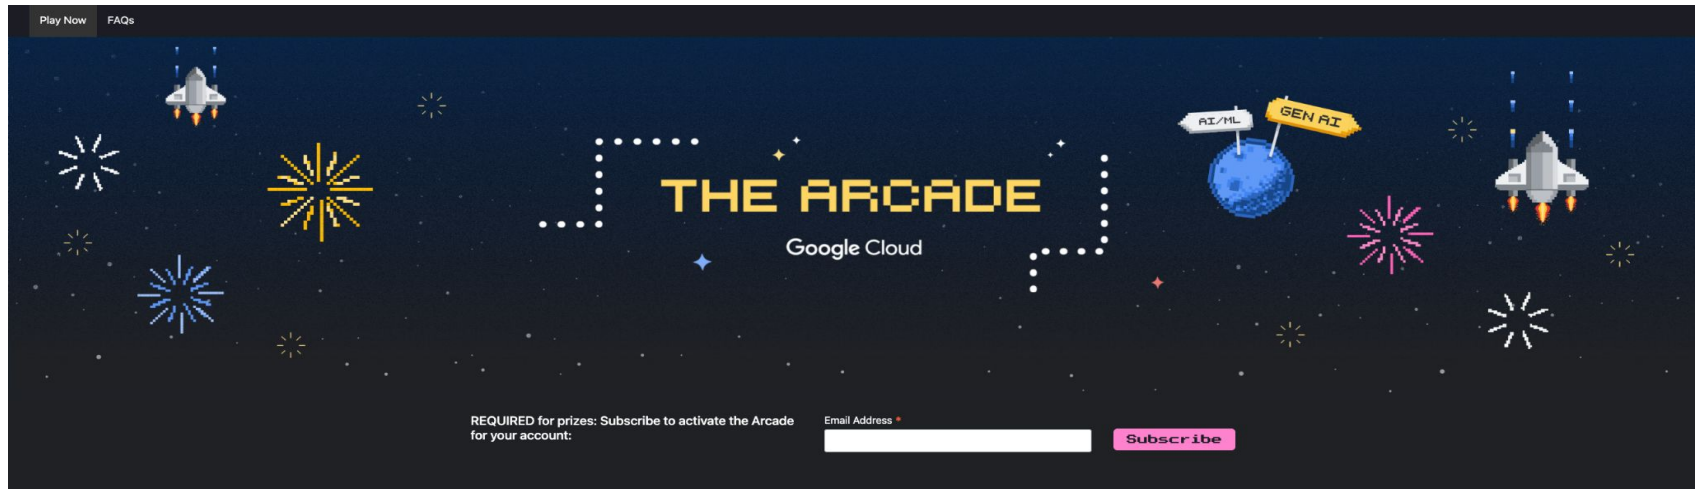

Why Google Cloud Arcade?

- The Arcade is for **ANY level of technical practitioner**, from students to seasoned professionals!
- It is a great way for you to have fun while building their cloud skills and earning digital badges and prizes.
- There is ***no-cost*** for you to participate!
- You get to choose the games you play.
- Games change every month, offering a variety of skill building on key topics.

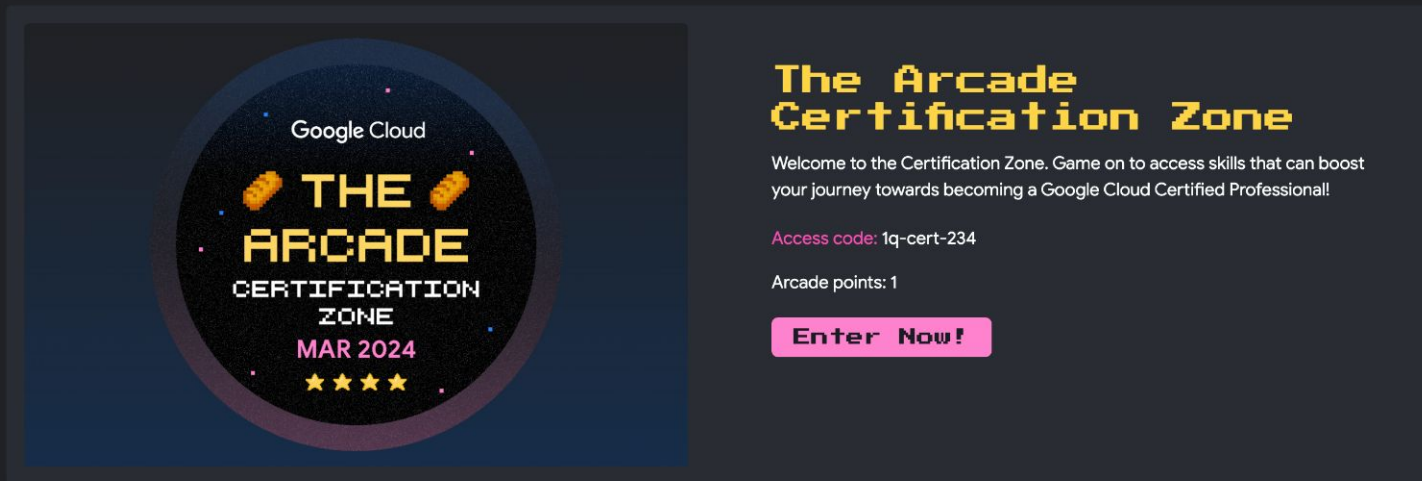

How do I join the Google Cloud Arcade?

- You can sign up for a Google Cloud Skills Boost account and subscribe to The Arcade emails **at any time**, during any month.
- Games can be played at **no-cost** during the month that they are running.
- Once it's "Game Over", players can move on to the next game available at no-cost.

The Arcade Certification Zone

- Joining the Arcade Certification Zone offers players an opportunity to sharpen their Google Cloud skills.
- Additionally, participants can win an Arcade Point by completing the labs within the Arcade Certification Zone.
- The most important aspect of the Arcade Certification Zone is that the first 20 players to complete it receive a 100% discount voucher for their next Google Cloud exam.

The banner features a dark blue background with a circular graphic on the left. Inside the circle, the text 'Google Cloud' is at the top, followed by 'THE ARCADE CERTIFICATION ZONE' in a pixelated font, and 'MAR 2024' with five stars at the bottom. To the right of the circle, the title 'The Arcade Certification Zone' is displayed in a large, pixelated font. Below the title, a welcome message reads: 'Welcome to the Certification Zone. Game on to access skills that can boost your journey towards becoming a Google Cloud Certified Professional!'. The access code '1q-cert-234' is shown in pink, followed by 'Arcade points: 1'. A pink button with the text 'Enter Now!' is at the bottom right.

The Arcade Certification Zone

Welcome to the Certification Zone. Game on to access skills that can boost your journey towards becoming a Google Cloud Certified Professional!

Access code: 1q-cert-234

Arcade points: 1

Enter Now!

How do I earn points in the Arcade?

There are three ways to learn new skills through
The Arcade:

- Games
 - One game badge = 1 Arcade point
- Trivia Challenges
 - One Trivia Badge = 1 Arcade Point
- Skill badges
 - Three skill badges = 1 Arcade Point

POINTS SYSTEM

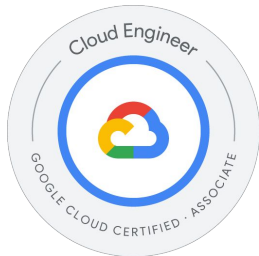

LEVEL 1		x1 game badge = 1 point
LEVEL 2		x1 game badge = 1 point
LEVEL 3		x1 game badge = 1 point
TRIVIA		x1 game badge = 1 point
SKILL BADGE		x3 badges = 1 point

EXAMPLE

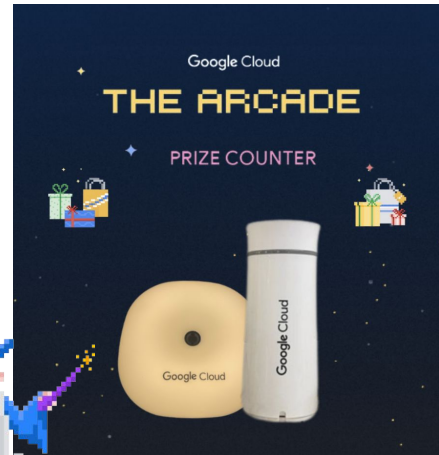

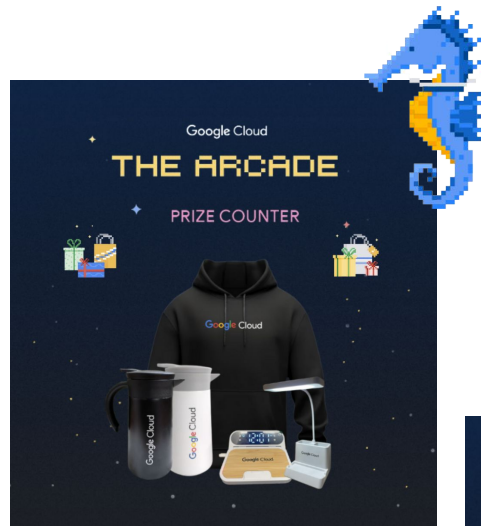

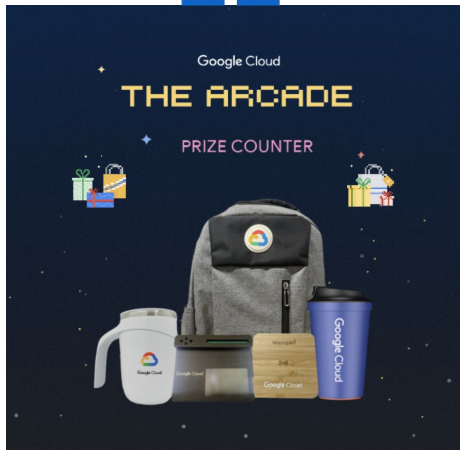

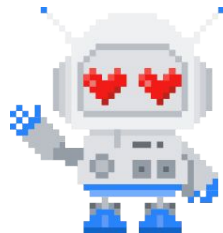

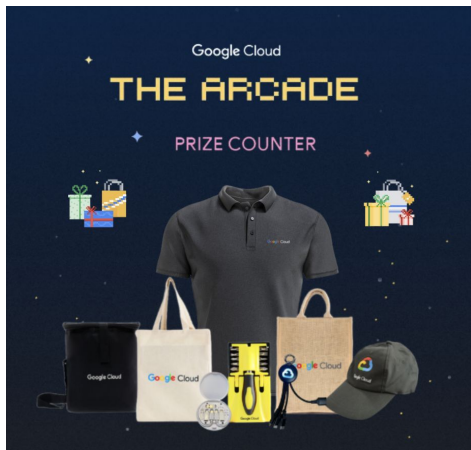

= 3 points

What do I get from the Arcade?

- Free Hands-on training on Google Cloud on latest technologies like **GenAI**
- Help to **prepare** for the Google Cloud Certifications
- Opportunities to get **no cost** Google Cloud Certification Vouchers
- Game **badges** and Skill badges to showcase on your public profile and share with your network
- Last but not the least **Google Cloud Swags!**

What did our users get the last time?

User Journey on the Google Cloud Arcade !!

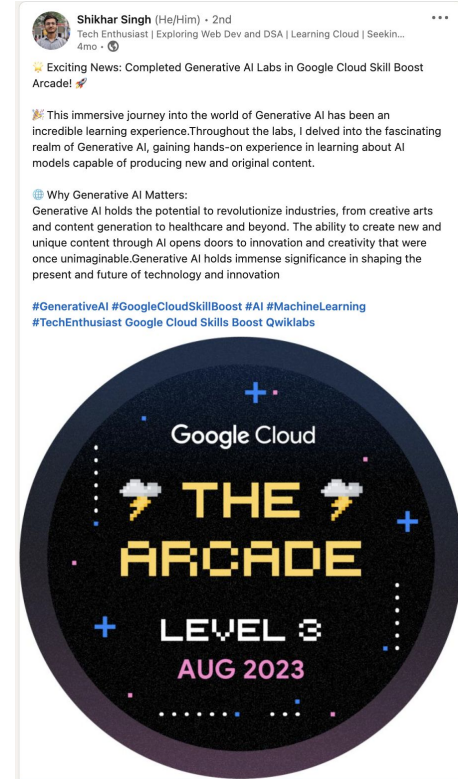

"Opportunities don't happen. You create them."

I am delighted to share that I accomplished the October [Google Cloud](#) skill Boost Trivia Challenge with amazing results in three distinct ability levels which undertook a participation of more than 50 thousand cloud enthusiasts around the globe.

- 🏆 7th in Level 1 Data Analysis and Serverless Technologies
- 🏆 5th in Level 2 Security and Monitoring
- 🏆 17th in Level 3 GenAI: Prompt Engineering

In addition, I achieved all four weekly trivia challenges this month, completing hands-on labs and quizzes to earn a total of 7 Arcade points. I would like to convey my deepest appreciation to [Google Cloud](#) and [Qwiklabs](#) for organizing this phenomenal arcade event. It's been an incredible opportunity to learn, and I'm excited to continue developing my abilities in the ever-changing realm of cloud technology.

That's A Wrap
