|  Hands-on Lab         |  <i>required to earn exam voucher</i> |

A Cloud Digital Leader can articulate the capabilities of Google Cloud core products and services and how they benefit organizations. The Cloud Digital Leader can also describe common business use cases and how cloud solutions support an enterprise.

This certification is for anyone who wishes to demonstrate their knowledge of cloud computing basics and how Google Cloud products and services can be used to achieve an organization’s goals.

**Learners are best suited for this program if they have:**

- Knowledgeable about their own business products / services and industry
- No prior technical knowledge is required
